

## 5500 Heavy Duty Combo with Book Basket Product Specification

**FRAME:** Legs are 1 ¼” heavy-duty 16 gauge tubing – two gauges stronger than competition. Gas shield metal arc welding of joints provides exceptional strength. Additional brace extends from desk top frame to the back of the chair to provide a full length support for the extra large tablet.

**SEAT and BACK:** The frame is contoured to fit the shape of the 5/8” Melsur™\* solid seat. Solid plastic is stain/wear resistant and self-extinguishing. The seats and backs are attached with steel rivets underneath the plastic resulting in no exposed hardware on the surface. The Melsur™ seat has a waterfall edge to improve seating comfort.

**BOOK BASKET:** ¼” wire dual access 13” x 11” x 8” book basket.

**TABLET TOP:** Top is 18” x 24” premium quality Melsur™\* 5/8” solid plastic tablet with beveled “Ergo Edge” for comfortable seating. An oversized pencil groove is included.

**METAL FINISH:** Bright nickel chrome plating meets all present requirements for non-corrosive and abrasion resistant finishes.

**GLIDES:** High shoulder glides with an internal gripper spring. Glides are 1 ¼” diameter and a 40 degree full-swivel with a ½” shoulder. Metal glides are optional.

**HEIGHTS:** Fixed 17 ½”.
