

SCHOLAR CRAFT™

SC7950

7950 Pictured

Overview:

Top construction features a 1-1/8" high density 47 LB solid core with high pressure (9400) laminate of 35/1000". Edges are safety protected by bull nose vinyl T-mold, locked securely in place utilizing concealed staples. Overall thickness of top is 1 1/4", top size is: 24x48"

Frame formed of 3/4" X 2", 16 gauge rectangular steel. Painted and MIG welded throughout with a cross-brace forming an "H" design book box and leg support. The nickel chrome plated leg inserts are made of 16 gauge rectangular steel, forming the "T" pedestal design. Adjustable from 22" to 29" in one inch increments. Molded of high density linear polyethylene, with integral support ribs to combine superior strength and flex-resistance, with minimal weight and quiet operation.

Bottom front of the book box has a molded pencil tray for added convenience. Size: 21"W x 16"D x 4-1/2"H each.
